

## **FOR IMMEDIATE RELEASE**

### **SPECTRUM DYNAMICS AND BC TECHNICAL SIGN STRATEGIC SERVICE AGREEMENT**

**Orangeburg NY, January 25, 2007** – Spectrum Dynamics and BC Technical announced today that the two companies have signed a strategic agreement to establish BC Technical as the exclusive service provider for Spectrum Dynamics new D-SPECT™ system. The D-SPECT system with BroadView™ imaging technology represents a breakthrough in almost every component of nuclear cardiology imaging workflow and diagnostics.

Under the terms of the agreement, BC Technical will provide installation and service support for all D-SPECT installations in the U.S. “Spectrum Dynamics is committed to providing its customers with exceptional service,” states Dr. Michael (“Miki”) Nagler, CEO of Spectrum Dynamics. “We are confident that our partnership with BC Technical, an organization that has earned the reputation of being the leading independent nuclear medicine service organization in the country, will enable our customers to receive an outstanding level of service and clinical support.”

Chuck Hale, President and CEO of BC Technical, added “Spectrum Dynamics’ unique technology is the long awaited revolution in SPECT imaging. BC Technical is proud to participate in bringing D-SPECT to the market. This strategic agreement enables Spectrum Dynamics to offer its customers the confidence that they will be supported by some of the most experienced nuclear medicine service engineers in the industry.”

#### **About BC Technical**

**BC Technical** is the largest independent provider of service, parts and refurbished systems for users of Philips/ADAC, Siemens and GE equipment and has the largest support infrastructure of any Nuclear Medicine ISO. BC Technical’s premier infrastructure is the industry’s best-in-class and provides a quality driven support team with customer satisfaction as the number one priority. Affordable excellence in nuclear medicine is achieved through their service and support, equipment, parts and partnerships. Additional information can be found at [www.bctechnical.com](http://www.bctechnical.com)

#### **About Spectrum Dynamics**

**Spectrum Dynamics**, with offices in New York, California and research and development facilities in Haifa Israel, is a pioneering medical device company focused on personalized molecular imaging and applications. Spectrum Dynamics will revolutionize the practice of nuclear cardiology, and eventually all nuclear medicine applications, by dramatically enhancing

workflow and providing new clinical applications not possible with conventional technology. Additional information can be found at [www.spectrum-dynamics.com](http://www.spectrum-dynamics.com)

### **Forward-Looking Statements**

This press release may contain forward-looking statements about Spectrum Dynamics and BC Technical, including projections about our business and the nuclear medicine market. Those forward-looking statements are not guarantees of future performance and actual results could differ.
