

## News Release

### SPECTRUM DYNAMICS Evaluates Possible Use Of Quantitative Kinetic Analysis Software Provided By PMOD TECHNOLOGIES

**July 14, 2007** -- SPECTRUM DYNAMICS & PMOD TECHNOLOGIES has started an evaluation process as part of research efforts to develop quantitative kinetic analysis solutions that may potentially be suitable for use with the D-SPECT™ system, which includes the BroadView™ imaging technology.

For information about PMOD see <http://www.pmod.com>

#### **Forward-Looking Statements**

This press release may contain forward-looking statements about SPECTRUM DYNAMICS, including projections about our business and the nuclear medicine market. Those forward-looking statements are not guarantees of future performance and actual results could differ.
