

## **IMMEDIATE RELEASE**

### **SPECTRUM DYNAMICS AND SUPREME PRODUCTS CO., LTD. SIGN STRATEGIC AGREEMENT FOR DISTRIBUTION IN THAILAND**

**Orangeburg, New York, November 2010** – Spectrum Dynamics and Supreme Products announced today that the two companies have signed a strategic agreement to establish Supreme Products as the exclusive distributor for Spectrum-Dynamics' D-SPECT™ Cardiac Scanner System throughout Thailand.

Supreme Products is a leading Thai company with extensive experience and presence in the Thai Medical equipment market. "We are very excited about the D-SPECT'S unique technology, which will propel Nuclear Cardiology to the next level," says Kamthorn Kanchanawatee, Managing Director of Supreme Products. "It is a revolution in nuclear medicine imaging. The D-SPECT'S significant sensitivity gain over conventional cameras provides the foundation for reduced radiopharmaceutical doses to the patient, thus a reduction in radiation exposure to both the patient and staff. Fast acquisition combined with high spatial resolution and increased patient comfort is a true breakthrough for Nuclear Cardiology SPECT imaging."

"The superior performance of the D-SPECT coupled with Supreme Products' distribution and support network will enhance the adoption of the D-SPECT technology throughout Thailand. We are confident that the partnership with Supreme Products will broaden Spectrum's market reach and will result in a significant increase in world-wide market share," states Jim Haisler, CEO of Spectrum-Dynamics.

#### **About Spectrum Dynamics:**

Spectrum Dynamics LLC, with offices in New York, California and research and development facilities in Caesarea, Israel is a pioneering medical device company focused on personalized molecular imaging and applications. Spectrum Dynamics will revolutionize the practice of nuclear cardiology, and eventually all nuclear medicine applications, by dramatically enhancing workflow and providing new clinical applications not possible with conventional technology.
